## 2014 Spring Message From The Board President

2 April 2014

Dear Lake Lackawanna Residents:

I would like to take this opportunity to welcome you all to another great season of fun and sharing in all that our wonderful community has to offer our members.

This past season we enjoyed so many great experiences such as our first ever kid's triathlon, sand castle building contest, boat parade, bike parade, scavenger hunt, kayak club excursion, pizza with Santa and many a great movie nights at the beach. I'm sure there were a great many more memories made here by all who join us in not only calling this place home but also in supporting it through membership. This coming season promises to be even better!

Most of the great things that happen here take place when people volunteer to lead a given event or start a certain club. We are truly blessed to be surrounded by so many great friends and neighbors. As I make my way around and meet more friends I am always impressed to hear about stories of families who have watched their children grow and leave only to return years later choosing this very special place to raise families of their own. We have so many talented residents from all walks of life and varied backgrounds, from amazing artists to brilliant entrepreneurs, from teachers and police officers to poets and priests and for whatever the reason this community is where we all chose to reside.

We on the board are continually trying to work on ways to make our money go further, our resources last longer and our residents more engaged and satisfied. We are continuing our effort to open channels of communication for not only the board to reach out to our community, but for our community to reach out to each other. Some of the best things that have taken place this past season began with a conversation between parents.

None among us can go back and change our past, but all among us can begin now and change our future as members of this community. If you have not been a member over the past few years, and you are looking for a way to resolve this and become part of the community and be able to use the amenities available, we are eager to work with you. Please contact us to discuss and find out what concessions can be made to help you become a full member!

We have made joining up easier than it has ever been before thanks to the efforts of some smart and dedicated people, namely John Byrne and Michael D'Amico. Simply go to our website [www.lakelackawanna.com](http://www.lakelackawanna.com) and choose "Membership" right from our home page. From there follow the directions to complete your online membership. Should you have any issues, please reach out to us and we can help you to complete your membership process.

Thank you so very much to the great many of you who have chosen to continue to support us over the years. We could not do it without you! For those here not yet members or members from the past who have not joined in some time, I am asking you to please join us in making this place (your home) the best it can be from the support of every able person in this wonderful community.

Thank You,

Michael O'Hagan, President of the Board of Directors
